ABOUT ME

I'm Frontend Web Developer and Freelance Graphic Designer with a passion for crafting immersive digital experiences. Armed with proficiency in HTML, CSS, Bootstrap, and responsive design principles, I blend technical expertise with creative flair to bring designs to life. I've honed my skills in creating visually stunning websites and user interfaces

WORK EXPERIENCE

Frontend Development Internship

May 2023 - July 2023

Internepe

During my frontend development internship, I gained valuable hands-on experience in creating intuitive and visually appealing user interfaces. I honed my skills in HTML, CSS, and JavaScript, effectively translating design mockups into fully functional web applications. Through collaborative projects..

Your proficiency with design software like Adobe Creative Suite enables you to transform

PROJECTS

HealthCare Website

Apr 2023 - Oct 2023

Domain : Github | Programming Languages : HTML, CSS, Bootstraps

"Our recently completed healthcare website serves as a comprehensive resource hub dedicated to COVID-19 vaccination. Built using HTML, CSS, and Bootstrap, our platform seamlessly integrates user-friendly design with vital information regarding the COVID-19 vaccine. Leveraging Bootstrap's responsive framework, our site ensures accessibility across various devices, prioritizing ease of use for all visitors.
